## The Missouri Judiciary's Budget

### Fiscal 2021 Budget Priorities

Missouri's circuit, appellate, and supreme courts resolve almost 700,000 cases each year. The types of cases brought to the courts include divorce, bankruptcy, estate resolution, and civil rights. Criminal cases filed by prosecutors, and cases challenging the constitutionality of state laws or the use of governmental power are other types of cases heard. Within the circuit courts, cases are grouped and heard in divisions by type, such as circuit, associate circuit, family, juvenile, municipal, probate, and small claims. Municipal divisions resolve just under an additional one million cases relating to

traffic and city ordinances every year.

Many circuit courts also provide treatment court programs that help address substance abuse problems that lead to criminal involvement. Cases typically start in the circuit court and may be appealed to one of the three appellate districts, potentially ending up at the state supreme court.

The Missouri Judiciary – or third branch of government – provides Missouri citizens a stable, fair, and accessible system of justice for the resolution of disputes. While the judiciary has effectively used

existing resources to fulfill its role, additional resources are needed to further the priorities that will ensure **continuing**

**stability, fairness, and accessibility.**

The Missouri Judiciary – one of three co-equal branches of government – provides Missouri citizens a stable, fair, and accessible system of justice for the resolution of disputes.

The Missouri Judiciary's fiscal 2021 funding priority areas are:

- Compensation
- Court Automation
- Interpreters in criminal cases
- Circuit Realignment implementation
- Serving 17-year-olds as juveniles in court
- One building for OSCA

## Support Public Service

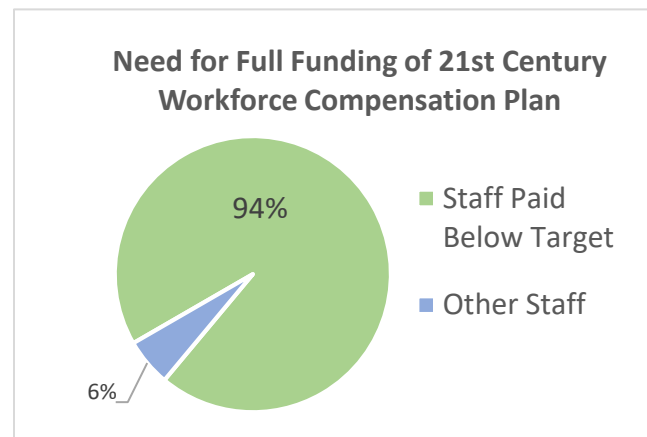

Over the past few years, the legislature and governor have appropriated, and the judiciary has implemented, salary increases for judiciary staff consistent with the goals of its classification and compensation study. The judiciary's 21st Century Workforce compensation plan moves staff toward target – or market – salary goals, and improves recruitment and retention with much of the focus on the lowest paid staff. Staff whose positions are established by statute (e.g., circuit clerks) and were not a part of the salary study should receive a comparable increase.

Missouri judges' salaries are based upon the salaries of their federal counterparts under the Missouri Citizens Commission on Compensation for Elected Officials and Article XIII, section 3 of the Missouri Constitution.

Additionally, the legislature and governor authorized one additional associate circuit judge, effective January 1, 2021, for Cole County (19th Judicial Circuit).

### Budget Request:

1. Appropriate **\$1,583,897** for fiscal 2019 and 2020 for salaries for judges. This would match the fiscal 2019 and 2020 salary increase federal judges received. The fiscal 2019 and 2020 increases did not result in a matching appropriation for Missouri judges.
2. Appropriate **\$1,508,143** for fiscal 2021 for salaries for judges to match the projected federal salary increase of 2.6%.
3. Appropriate **\$142,564** for fiscal 2019 and 2020 for salaries for commissioners, the Clerk of the Supreme Court and the Commission on Retirement, Removal and Discipline.
4. Appropriate **\$137,052** for fiscal 2021 for salaries for commissioners, the Clerk of the Supreme Court and the Commission on Retirement, Removal and Discipline to match the projected federal salary increase of 2.6%.
5. Implement the 21st Century Workforce compensation plan to provide funding for staff at target – or market – for a total of **\$10,255,256**.

6. Appropriate **\$75,113** and one FTE for the new Cole County associate circuit judge position effective January 1, 2021, per SB 871 (2018).
7. Appropriate **\$37,960** and .25 FTE for three-month overlap of salary to train the new Counsel for the Commission on Retirement, Removal and Discipline.

## Replace, Sustain, and Expand Court Technology

The Missouri Legislature mandated the development of a statewide court automation system in 1994. Missouri citizens, however, have considerably benefited from Case.net, Track This Case, Pay By Web, and eFiling. While the legislature did appropriate an additional \$2 million for fiscal 2020 – the first in 24 years – funding today is not enough to sustain current case management functions, let alone expand services to meet the demands of the 21st century.

- Current statewide case processing system, required by Court Operating Rule 1 and section 476.055, RSMo, is anticipated to no longer be capable of receiving critical system updates by July 31, 2021. A new case management system will need to be in place by that date. Using current resources only, it is not anticipated that development of the replacement system can be completed by July 31, 2021.
- The current \$7 court automation fee covers less than 1/3 of total funding needed for continuous court automation maintenance and development; unsustainable grant funding threatens another 1/3 of total funding and continued development of the new case processing system.

### Budget Request: \$2,830,553 in additional funding

1. Continue development of Missouri's new case processing system – Show-Me Courts – including municipal case processing, at a viable pace.
2. Enhance security technologies to help protect judicial electronic information systems from cyber threats.
3. Update Case.net with current technology to provide increased user-friendly functionality.
4. Develop user-friendly electronic systems that promote remote access to justice for citizens who represent themselves.
5. Eliminate outdated technology systems.

## Missouri Receives National Award for Court Technology

In 2017, the Missouri Judiciary received a “Top 10 Court Technology Solutions Award” for its court automation solutions, including Show-Me Courts, Track This Case, Pay By Web, eFiling, and the mobile optimization of the *Missouri Courts* website. The award, which **recognized the best use of technology to improve court services and access to the public**, was presented during the National Association for Court Management's annual conference in Washington, D.C.

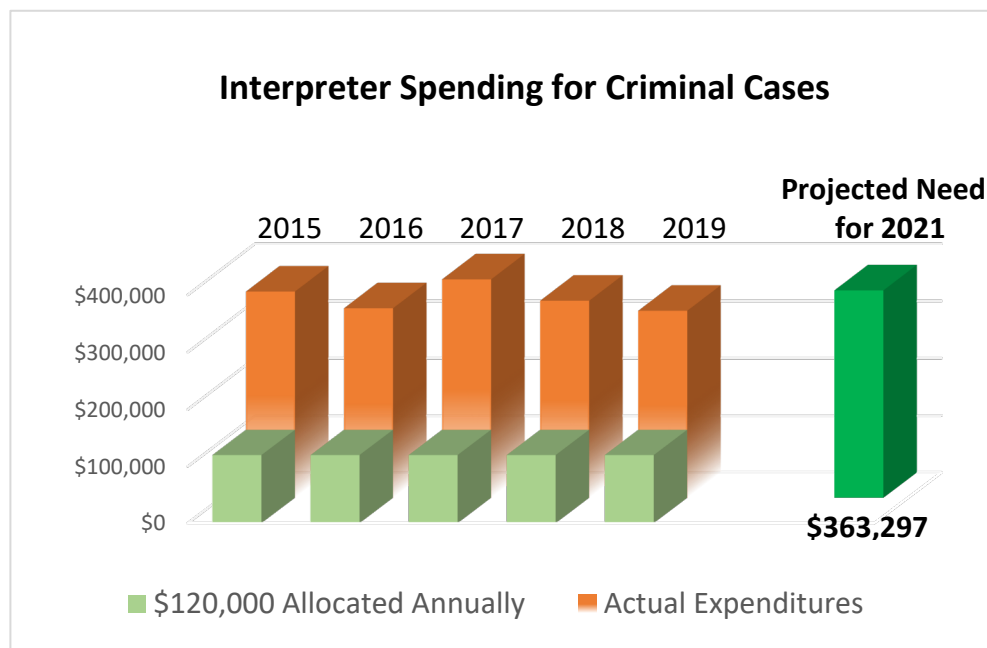

## Comply with State Law to Provide Interpreters in Criminal Cases

Sections 476.760.5, 476.803.1, and 476.806.2, RSMo require funding for interpreters in criminal court proceedings for the hearing impaired and those with lingual challenges. Interpreters enable court participants to have access to the courts and ensure due process of law.

■ The funding appropriated for interpreters in criminal court proceedings is \$120,000 annually, which covers only about 36% of the funds expended each year for this purpose.

### Budget Request: \$243,297

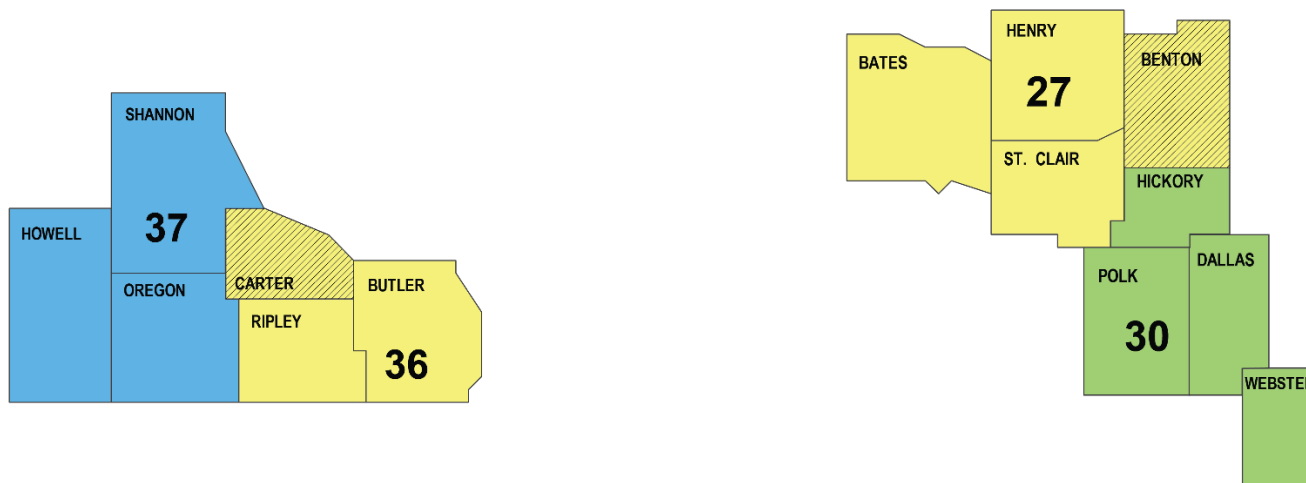

1. Fully fund the projected annual expenditures to cover costs for interpreters in criminal court proceedings for fiscal 2021.

## Judicial Circuit Realignment Implementation

The Judicial Conference, as required by section 478.073, RSMo, has completed a report regarding the realignment of judicial circuits. The report includes and considers a current judicial weighted workload model, a current clerical weighted workload model, litigants' access to the courts, statutory requirements, census data, judicial duties, travel needs, geography, historical connections between counties and judicial circuits, and technical requirements.

The report proposes Carter County move from the 37th circuit to the 36th circuit and Benton County move from the 30th circuit to the 27th circuit. Absent legislative action, the reported realignments will become effective.

**Budget Request: \$300,000** in one-time funding for resources needed for database modifications to implement the circuit realignments. Additional funding needs may be identified once reconfiguration is underway.

## **Implement Raise-the-Age Legislation**

In 2018, the Legislature passed and the Governor signed SB 793, which raised the age for juveniles to go to adult court versus juvenile court. This means that 17-year-olds will participate in juvenile court instead of adult court effective January 1, 2021, or per the legislation, “when an appropriation sufficient to fund the expanded service is provided therefor.”

- Funding is necessary to implement raise the age legislation in all circuits – single and multi-county – in the state.
- Increased workload will cost \$3,052,202 and require an additional 34 FTE for the multi-county circuits, and cost \$10,187,476 for single county circuit reimbursement, consistent with the fiscal note response.
- As of August 2019, the related dedicated fund cash balance was approximately \$1.2 million.

**Budget Request: \$13,239,678 and 34 FTE** for state and county costs for fiscal 2021.

## **One Building for the Office of State Courts Administrator (OSCA)**

OSCA is operating out of three separate leased buildings plus warehouse space in a fourth location. The office of administration, division of facilities management, design and construction (OA Facilities) has had difficulties securing lease agreements for the existing buildings and ensuring needed repairs and maintenance are provided. Moving to one building would eliminate redundant space (e.g., three reception areas for three buildings) and be vastly more efficient for OSCA staff.

### **Budget Request: \$1,191,178 (\$437,608 ongoing)**

1. One-time costs:
  - a. Moving furniture, cubicles, and the server room.
  - b. Purchasing 75 cubicles owned by the current landlord.
  - c. Two month overlap in rent to allow for move.
2. Ongoing costs:
  - a. Projected increase in rent/lease.

### FY21 Judiciary Budgetary Needed but not Requested

HB Section	Decision Item	Description	Funding Source	Dollar Amount	FTE
Circuit Courts	New Circuit Judges - Section 478.330 RSMo	When the annual judicial performance report submitted pursuant to Section 477.405 RSMo indicates for three consecutive years a need of two or more full time judicial positions, there shall be one additional circuit judge position authorized subject to appropriation. In FY21, there will be ten circuits that qualify for a new circuit judge: 7th, 11th, 13th, 16th, 21st, 22nd, 25th, 31st, 32nd, and 39th circuits. A new law passed in 2018 grants a new associate circuit judge for the 19th circuit so they were not included in this item. In FY20 the 40th circuit was appropriated a circuit judge, so they are not included in this item because that puts their need below 2.	General Revenue	\$ 2,171,710	20.00
Circuit Courts	Access to Justice Interpreter Services - Civil and Juvenile Cases	In addition to the Federal Executive Order 13166 and the U.S. Department of Justice policy guidelines that state courts must provide interpreting and translating services to non-English speaking individuals who use the court system in order to have meaningful access to the courts, Section 476.803 RSMo requires courts to appoint a qualified language interpreter in all legal proceedings in which a non English speaking person is a party or a witness.	General Revenue	\$ 285,864	-
Circuit Courts	Secure Juvenile Detention Center Standards	To fully fund state funded Secure Juvenile Detention Centers, based on the CCBC staffing guidelines for secure detention center. This represent the staff that are currently funded by the circuits. The counties funding staff are: 13th Circuit (Boone and Callaway counties), 17th Circuit (Cass and Johnson counties), 24th Circuit (Madison, St. Francois, Ste. Genevieve and Washington counties), 35th Circuit (Dunklin and Stoddard counties) and the 44th Circuit (Douglas, Ozark and Wright counties).	General Revenue	\$ 286,021	8.08
Circuit Courts	Juvenile Caseload Management	The Circuit Court Budget Committee, along with the National Center for State Courts, developed the Missouri Juvenile Weighted Workload (JWWL) to establish appropriate staffing levels per circuit for juvenile case processing. Fulfilling this need would add 49.35 Juvenile Officer II's, and 6.8750 Juvenile Administrative Support II's.	General Revenue	\$ 2,606,215	56.2250

### FY21 Judiciary Budgetary Needed but not Requested

Circuit Courts	Attorneys for Juvenile Offices	Supreme Court Operating Rule 29, which became effective on January 1, 2014, states "those juvenile officers and their staff who are not licensed to practice law in this state shall not engage in the practice of law". This rule requires an attorney to represent the juvenile office in any action before the court and many juvenile offices are not adequately funded by their counties to provide adequate representation that meets the requirements of Supreme Court Operating Rule 29. 33 circuits would need additional representation through FTE or E&E. Circuit Courts	Treatment Court Staff	This request includes a Treatment Court Administrator for the 9th & 41st circuits to share. This request is supported by the treatment court weighted workload.	General Revenue	\$ 60,190	1.00
Circuit Courts	Treatment Court Staff	To assist in the expansion of treatment court services to circuits that are in the early stages of the treatment court programs with the addition of 4 FTE and a one-time computer purchase. <p>Article XIII, section 3 of the Missouri Constitution establishes the Missouri Citizens' Commission on Compensation for Elected Officials which sets the salaries for state elected officials, general assembly and judges. The commission issued their report on compensation on November 24, 2010, and the 96th general assembly failed to disapprove it. This is to fund the constitutionally mandated salaries of the judges as of July 1, 2018 and July 1, 2019.</p>

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>	
<p>According to the state's vendor for the compensation study, organizations that want to stay competitive in the market place "strive to compensate employees at the median of the competitive labor market". Obtaining a competitive pay structure will reduce turnover and increase the productivity by having a more experienced workforce. The judiciary's goal is to fund salaries at a competitive range to maintain an experienced and productive workforce. Pay increases for judiciary staff in FY17, FY19 and FY20, and for court clerks in FY18 and FY20, have improved the judiciary's effort to remain competitive in the workforce. However, the vast majority of judiciary staff remain below their market based competitive salary. This hinders the judiciary's efforts to remain competitive in recruiting and retaining an experienced workforce. This decision item would enable staff to reach their target salary for their job class and assist in retaining the most experienced staff.</p>	
<b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b>	
<p>Staff who are below the target salary for their job class would be eligible for an increase to the target amount. The judiciary needs a total of \$10,255,256 to fund staff to target.</p> <p>Since statutory staff were not included in this request, statutory staff would need to be included in a statewide pay plan.</p>

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>According to the state's vendor for the compensation study, organizations that want to stay competitive in the market place "strive to compensate employees at the median of the competitive labor market". Obtaining a competitive pay structure will reduce turnover and increase the productivity by having a more experienced workforce. The judiciary's goal is to fund salaries at a competitive range to maintain an experienced and productive workforce. Pay increases for judiciary staff in FY17, FY19 and FY20, and for court clerks in FY18 and FY20, have improved the judiciary's effort to remain competitive in the workforce. However, the vast majority of judiciary staff remain below their market based competitive salary. This hinders the judiciary's efforts to remain competitive in recruiting and retaining an experienced workforce. This decision item would enable staff to reach their target salary for their job class and assist in retaining the most experienced staff.</p>

<b>(#1100015)</b>		
<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>		
<p>The current statewide court automation system, required by Court Operating Rule 1 and section 476.055, RSMo, is anticipated to no longer be capable of receiving critical system updates by July 31, 2021. A new case management system will need to be in place by that date. Using current resources only, it is not anticipated that development of the replacement system can be completed by July 31, 2021.</p> <p>The \$7 court automation fee covers less than 1/3 of the total funding needed for continuous court automation maintenance and development. In 1994 -- and for several years after -- the Court Automation Fund provided 100% of the annual costs. Now, annual costs are stitched together from three sources: Court Automation Fund at 1/3, general revenue at 1/3, and unsustainable funding (grants) at 1/3.</p> <p>Tremendous progress has been made in court automation since 1994. The Missouri Court Automation Committee has been a noble steward of the state funds entrusted to it. The Missouri Judiciary has been recognized for its work to revolutionize its court processes using a statewide, inclusive approach to technology. It's vital to ensure -- and secure -- the funding needed to develop, deliver and maintain high quality court automation in Missouri. Otherwise, fair and timely justice to all Missouri citizens is in jeopardy.</p>

<p>This decision item would give the Judiciary the ability to move forward and keep the risk of security breaches and system failure within standard levels. In addition, this funding will enable technological innovation that will make courts more effective and efficient. <p>Providing judicial services for those that are hearing impaired or have lingual challenges is required by state and federal law. Per §476.760(5) and §476.806(2), RSMo, the courts shall appoint a state-paid interpreter in criminal proceedings. In addition, state law requires courts to appoint a qualified foreign language interpreter in all legal proceedings in which a non-English speaking person is a party or a witness (§476.803.1, RSMo).</p> <p>According to 2017 census data, 6.1 percent of the Missouri population speaks a language other than English at home. Qualified foreign language interpreters are essential to a functional and fair justice system. An insufficient number of foreign language interpreters and funding could result in language barriers and a lack of awareness of one's rights in, for example, domestic and child abuse cases, which could lead to a victim not pursuing needed protection or being placed in danger.</p>

Re: Complaint No: 171-43-20  
Complaint Regarding the Ste. Genevieve County, Missouri court

Dear Mr. Leyshock:

Thank you for your cooperation with the U.S. Department of Justice's (DOJ) review of a complaint alleging that the Ste. Genevieve County, Missouri court (Ste. Genevieve Court) failed to provide appropriate language assistance services to a limited English proficient (LEP) individual under Title VI of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000d to 2000d-7, and its implementing regulations (Title VI). The purpose of this letter is to advise you that, because of actions taken by the court during the course of our review, our office considers this matter resolved.

The Federal Coordination and Compliance Section (FCS) of the Civil Rights Division at DOJ initiated this Title VI review following receipt of a complaint alleging that the court failed to provide appropriate language assistance services in a case involving the complainant, including a March 28, 2017 order requiring parties to pay for a court interpreter. In May, my staff contacted Lynette Ricks, access to courts specialist, in the Office of State Courts Administrator, to discuss the complaint. You then contacted our office and we provided you with information on state court obligations to provide meaningful access to LEP individuals under Title VI. On June 26, the Ste. Genevieve court directed the clerk to immediately refund the amount paid by each party for court interpreter fees. The parties have settled the underlying case and the complainant has received the refund. As a result, we are closing our review of the Ste. Genevieve Court.

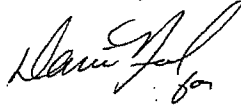

While we are closing our files in this matter, it is critical that the Missouri State Courts ensure meaningful language access to court proceedings and operations. We recommend that court personnel review the state courts section of [www.LEP.gov](http://www.LEP.gov) (<https://go.usa.gov/xNMCR>), including the *Language Access Guidance Letter to State Courts from the Assistant Attorney General for Civil Rights* (Aug. 16, 2010). In addition, the DOJ publication, "Language Access in State Courts" provides an overview of FCS's State Courts Language Access Initiative, a multi-pronged initiative focused on enforcement, technical assistance, outreach, resource development, and policy efforts to ensure meaningful access to state courts receiving federal financial assistance. Court staff may also find the Language Map App (<https://www.lep.gov/maps/>) helpful in finding the concentration of, and languages spoken by, LEP individuals in a community.

We are obligated to inform you that no one may intimidate, threaten, coerce, or engage in other discriminatory conduct against anyone because he or she has either taken action or participated in an action to secure rights protected by the civil rights laws we enforce. We are further obligated to inform you that closure of this matter is limited to the specific facts of the matter and neither precludes DOJ from taking additional appropriate action to evaluate a recipient's compliance with any of the laws enforced by DOJ nor affects the Ste. Genevieve Court or the Missouri State Courts' requirement to comply with all applicable federal laws and regulations.

To the extent we can provide any additional guidance or assistance going forward, please do not hesitate to contact Dylan Nicole de Kervor at (202) 616-2271.

Thank you.

Sincerely,

Christine Stoneman

## Civil Rights Division

Assistant Attorney General

Washington, D.C. 20530

August 16, 2010

Dear Chief Justice/State Court Administrator:

In the past decade, increasing numbers of state court systems have sought to improve their capacity to handle cases and other matters involving parties or witnesses who are limited English proficient (LEP). In some instances the progress has been laudable and reflects increased recognition that language access costs must be treated as essential to sound court management. However, the Department of Justice (DOJ) continues to encounter state court language access policies or practices that are inconsistent with federal civil rights requirements. Through this letter, DOJ intends to provide greater clarity regarding the requirement that courts receiving federal financial assistance provide meaningful access for LEP individuals.

Dispensing justice fairly, efficiently, and accurately is a cornerstone of the judiciary. Policies and practices that deny LEP persons meaningful access to the courts undermine that cornerstone. They may also place state courts in violation of long-standing civil rights requirements. Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. § 2000d *et seq.* (Title VI), and the Omnibus Crime Control and Safe Streets Act of 1968, as amended, 42 U.S.C. § 3789d(c) (Safe Streets Act), both prohibit national origin discrimination by recipients of federal financial assistance. Title VI and Safe Streets Act regulations further prohibit recipients from administering programs in a manner that has the effect of subjecting individuals to discrimination based on their national origin. *See* 28 C.F.R. §§ 42.104(b)(2), 42.203(e).

The Supreme Court has held that failing to take reasonable steps to ensure meaningful access for LEP persons is a form of national origin discrimination prohibited by Title VI regulations. *See Lau v. Nichols*, 414 U.S. 563 (1974). Executive Order 13166, which was issued in 2000, further emphasized the point by directing federal agencies to publish LEP guidance for their financial assistance recipients, consistent with initial general guidance from DOJ. *See* 65 Fed. Reg. 50,121 (Aug. 16, 2000). In 2002, DOJ issued final Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons. 67 Fed. Reg. 41,455 (June 18, 2002) (DOJ Guidance). The DOJ Guidance and subsequent technical assistance letters from the Civil Rights Division explained that court systems receiving federal financial assistance, either directly or indirectly, must provide meaningful access to LEP persons in order to comply with Title VI, the Safe Streets Act, and their implementing regulations. The federal requirement to provide language assistance to LEP individuals applies notwithstanding conflicting state or local laws or court rules.

Despite efforts to bring courts into compliance, some state court system policies and practices significantly and unreasonably impede, hinder, or restrict participation in court proceedings and access to court operations based upon a person's English language ability. Examples of particular concern include the following:

1. Limiting the types of proceedings for which qualified interpreter services are provided by the court. Some courts only provide competent interpreter assistance in limited categories of cases, such as in criminal, termination of parental rights, or domestic violence proceedings. DOJ, however, views access to *all* court proceedings as critical. The DOJ Guidance refers to the importance of meaningful access to courts and courtrooms, without distinguishing among civil, criminal, or administrative matters. *See* DOJ Guidance, 67 Fed. Reg. at 41,462. It states that "every effort should be taken to ensure competent interpretation for LEP individuals during *all* hearings, trials, and motions," *id.* at 41,471 (emphasis added), including administrative court proceedings. *Id.* at 41,459, n.5.

Courts should also provide language assistance to non-party LEP individuals whose presence or participation in a court matter is necessary or appropriate, including parents and guardians of minor victims of crime or of juveniles and family members involved in delinquency proceedings. Proceedings handled by officials such as magistrates, masters, commissioners, hearing officers, arbitrators, mediators, and other decision-makers should also include professional interpreter coverage. DOJ expects that meaningful access will be provided to LEP persons in all court and court-annexed proceedings, whether civil, criminal, or administrative including those presided over by non-judges.

2. Charging interpreter costs to one or more parties. Many courts that ostensibly provide qualified interpreters for covered court proceedings require or authorize one or more of the persons involved in the case to be charged with the cost of the interpreter. Although the rules or practices vary, and may exempt indigent parties, their common impact is either to subject some individuals to a surcharge based upon a party's or witness' English language proficiency, or to discourage parties from requesting or using a competent interpreter. Title VI and its regulations prohibit practices that have the effect of charging parties, impairing their participation in proceedings, or limiting presentation of witnesses based upon national origin. As such, the DOJ Guidance makes clear that court proceedings are among the most important activities conducted by recipients of federal funds, and emphasizes the need to provide interpretation free of cost. Courts that charge interpreter costs to the parties may be arranging for an interpreter's presence, but they are not "providing" the interpreter. DOJ expects that, when meaningful access requires interpretation, courts will provide interpreters at no cost to the persons involved.

3. Restricting language services to courtrooms. Some states provide language assistance only for courtroom proceedings, but the meaningful access requirement extends to court functions that are conducted outside the courtroom as well. Examples of such court-managed offices, operations, and programs can include information counters; intake or filing offices; cashiers; records rooms; sheriff's offices; probation and parole offices; alternative dispute resolution programs; *pro se* clinics; criminal diversion programs; anger management classes; detention facilities; and other similar offices, operations, and programs. Access to these points of public contact is essential to the fair administration of justice, especially for unrepresented LEP persons. DOJ expects courts to provide meaningful access for LEP persons to such court operated or managed points of public contact in the judicial process, whether the contact at issue occurs inside or outside the courtroom.

4. Failing to ensure effective communication with court-appointed or supervised personnel. Some recipient court systems have failed to ensure that LEP persons are able to communicate effectively with a variety of individuals involved in a case under a court appointment or order. Criminal defense counsel, child advocates or guardians *ad litem*, court psychologists, probation officers, doctors, trustees, and other such individuals who are employed, paid, or supervised by the courts, and who are required to communicate with LEP parties or other individuals as part of their case-related functions, must possess demonstrated bilingual skills or have support from professional interpreters. In order for a court to provide meaningful access to LEP persons, it must ensure language access in all such operations and encounters with professionals.

DOJ continues to interpret Title VI and the Title VI regulations to prohibit, in most circumstances, the practices described above. Nevertheless, DOJ has observed that some court systems continue to operate in apparent violation of federal law. Most court systems have long accepted their legal duty under the Americans with Disabilities Act (ADA) to provide auxiliary aids and services to persons with disabilities, and would not consciously engage in the practices highlighted in this letter in providing an accommodation to a person with a disability. While ADA and Title VI requirements are not the same, existing ADA plans and policy for sign language interpreting may provide an effective template for managing interpreting and translating needs for some state courts.

Language services expenses should be treated as a basic and essential operating expense, not as an ancillary cost. Court systems have many operating expenses – judges and staff, buildings, utilities, security, filing, data and records systems, insurance, research, and printing costs, to name a few. Court systems in every part of the country serve populations of LEP individuals and most jurisdictions, if not all, have encountered substantial increases in the number of LEP parties and witnesses and the diversity of languages they speak. Budgeting adequate funds to ensure language access is fundamental to the business of the courts.

We recognize that most state and local courts are struggling with unusual budgetary constraints that have slowed the pace of progress in this area. The DOJ Guidance acknowledges that recipients can consider the costs of the services and the resources available to the court as part of the determination of what language assistance is reasonably required in order to provide meaningful LEP access. *See id.* at 41,460. Fiscal pressures, however, do not provide an exemption from civil rights requirements. In considering a system's compliance with language access standards in light of limited resources, DOJ will consider all of the facts and circumstances of a particular court system. Factors to review may include, but are not limited to, the following:

- The extent to which current language access deficiencies reflect the impact of the fiscal crisis as demonstrated by previous success in providing meaningful access;
- The extent to which other essential court operations are being restricted or defunded;
- The extent to which the court system has secured additional revenues from fees, fines, grants, or other sources, and has increased efficiency through collaboration, technology, or other means;
- Whether the court system has adopted an implementation plan to move promptly towards full compliance; and
- The nature and significance of the adverse impact on LEP persons affected by the existing language access deficiencies.

DOJ acknowledges that it takes time to create systems that ensure competent interpretation in all court proceedings and to build a qualified interpreter corps. Yet nearly a decade has passed since the issuance of Executive Order 13166 and publication of initial general guidance clarifying language access requirements for recipients. Reasonable efforts by now should have resulted in significant and continuing improvements for all recipients. With this passage of time, the need to show progress in providing all LEP persons with meaningful access has increased. DOJ expects that courts that have done well will continue to make progress toward full compliance in policy and practice. At the same time, we expect that court recipients that are furthest behind will take significant steps in order to move promptly toward compliance.

The DOJ guidance encourages recipients to develop and maintain a periodically-updated written plan on language assistance for LEP persons as an appropriate and cost-effective means of documenting compliance and providing a framework for the provision of timely and reasonable language assistance. Such written plans can provide additional benefits to recipients' managers in the areas of training, administering, planning, and budgeting. The DOJ Guidance goes on to note that these benefits should lead most recipients to document in a written LEP plan their language assistance services, and how staff and LEP persons can access those services. In court systems, we have found that meaningful access inside the courtroom is most effectively implemented in states that have adopted a court rule, statute, or administrative order providing for universal, free, and qualified court interpreting. In addition, state court systems that have strong leadership and a designated coordinator of language services in the office of the court administrator, and that have identified personnel in charge of ensuring language access in each courthouse, will more likely be able to provide effective and consistent language access for LEP

individuals. Enclosed, for illustrative purposes only, are copies of Administrative Order JB-06-3 of the Supreme Judicial Court of Maine, together with the September 2008 Memorandum of Understanding between that court and DOJ. Also enclosed for your information is a copy of "Chapter 5: Tips and Tools Specific to Courts" from DOJ, *Executive Order 13166 Limited English Proficiency Document: Tips and Tools from the Field* (2004).

The Office of Justice Programs provides Justice Assistance Grant funds to the states to be used for state and local initiatives, technical assistance, training, personnel, equipment, supplies, contractual support, and criminal justice information systems that will improve or enhance criminal justice programs including prosecution and court programs. Funding language services in the courts is a permissible use of these funds.

DOJ has an abiding interest in securing state and local court system compliance with the language access requirements of Title VI and the Safe Streets Act and will continue to review courts for compliance and to investigate complaints. The Civil Rights Division also welcomes requests for technical assistance from state courts and can provide training for court personnel. Should you have any questions, please contact Mark J. Kappelhoff, Acting Chief, Federal Coordination and Compliance Section (formally known as Coordination and Review Section) at (202) 307-2222.

Sincerely,

**3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.**

Funding is needed for the Office of State Courts Administrator (OSCA) to move from multiple leased buildings into one leased building. OSCA currently operates out of three buildings plus warehouse space in a fourth location. This budget request would facilitate the consolidation of OSCA into one building.

The Office of Administration, Division of Facilities Management Design & Construction (OA FMDC) has had difficulties securing lease agreements with the existing buildings and ensuring needed repairs are provided. Moving to one building would eliminate redundant space (e.g. three reception areas for three buildings) and be vastly more efficient for OSCA staff.

One-time costs included in this budget request include moving the data center and office furniture and purchasing cubicle walls for the new location.

The corresponding lease costs are included in the HB 13 budget request.

**4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)**

One-time costs related to moving to a new location:

\$161,070 moving costs: moving 240 people x \$475 per person (\$114,000); moving the industrial server room (\$7,070); and moving 100 existing cubicles x \$400 each to disassemble, transport and reassemble (\$40,000)

\$412,500 for 75 cubicles x \$5,500 each (to replace those owned by the current lessor)

<b>2. CORE DESCRIPTION</b>																																																																																											
<p>Article V, section 25(d) of the Missouri Constitution establishes the duty of the Appellate Judicial Commission as nominating candidates for vacancies on the Supreme Court of Missouri and the Missouri Court of Appeals. This constitutional mandate includes the election of an attorney to serve on the commission, conducted in one of the three districts of the Missouri Court of Appeals on a rotating basis, every two years. The most recent election was conducted in FY 2018. The commission meets only when a vacancy occurs and it is necessary to make nominations to the Governor. Commission members do not receive salaries, but funds are needed to pay travel and operating expenses necessary for the work of the commission.</p>

## 2. CORE DESCRIPTION

The court improvement projects' core budget provides the appropriation authority to accept and expend a variety of grants and other monies for programs and services provided to the public by the Missouri judiciary. The grant programs are focused on fulfilling mandates and developing new ways to make the judicial branch more effective and responsive to the needs of Missouri citizens. Initiatives such as improved processing of child abuse and neglect cases and automation of criminal history information as well as adult protection orders promote safety for Missouri families by addressing specific problems.

## 2. CORE DESCRIPTION

Statutorily created, the fundamental strategic goal of the statewide court automation project is to build and sustain "an integrated court system that renders geography largely irrelevant ... with greater efficiency, wider access, and enhanced accountability" for the litigant and taxpayer. This plan includes installation and ongoing development of Show-Me Courts, Show-Me Jury, Case.net, eFiling, Track This Case, Pay-By-Web, eBench, and other software packages.

## 2. CORE DESCRIPTION

Judicial education serves to orient employees to a complex set of laws and procedures, all of which must be understood and followed if litigants are to have their cases resolved fairly and expeditiously. Judicial education plays a major role in updating the knowledge and skills for over 5,000 state, county and municipal judicial branch employees, which includes front-line workers such as juvenile officers, detention workers and court clerks, and to municipal division employees. The judicial employees have no other means to acquire the information to discharge day-to-day job responsibilities. Judicial education packages courses and programs of study that are tailored to meet the specific needs of new as well as experienced court personnel. These courses and programs are designed to satisfy standards mandated by federal and state statute and Supreme Court Rules.

## Judge Transfer Orders

## FY 2018 Type of Help Desk Calls

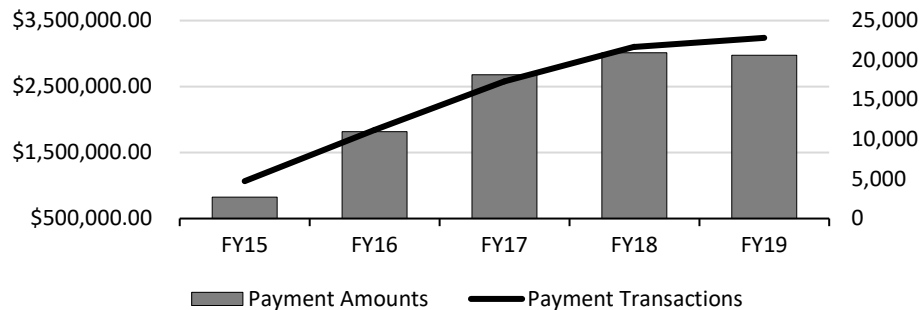

## Average Help Desk Calls for Calendar Years 2014 - 2018

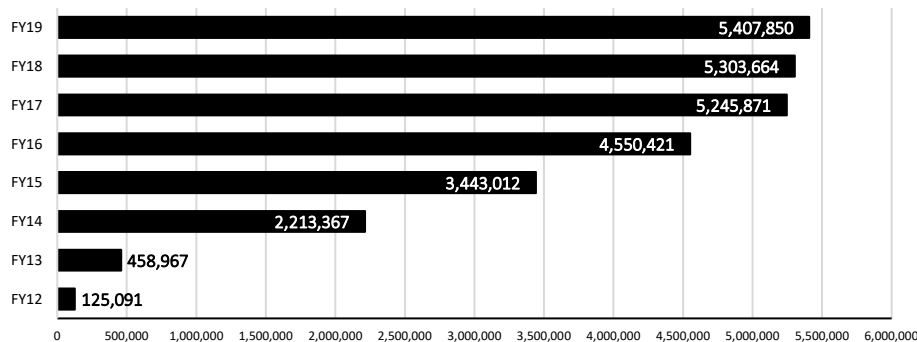

Acting under the direction of the Supreme Court of Missouri, as allowed by the State Constitution (article V, section 4), the Office of State Courts Administrator (OSCA) is responsible for providing administrative, business and technology support services to the courts. The duties and responsibilities assigned to the state court administrator's office relate to all levels of the state court system. Some of the ways the office assists the courts include:

- Provide case processing technical support;
- Enable criminal history reporting;
- Facilitate debt collection via vendor;
- Support treatment court programs and administer treatment court funding;
- Maintain data for case disposition time standards and child permanency hearings;
- Maintain measures for juvenile services standards and administer juvenile program funding;
- Develop, maintain and update statewide case management system in all courts, along with a wide variety of other technical applications and hardware necessary for court operations;
- Fiscal support services (appropriation requests, fiscal notes, bill payment & reimbursements);
- Legal support services (e.g., updates on new legislation);
- Human resources support (payroll processing, personnel matters);
- Training for judicial personnel;
- Statistical analysis;
- Process requests for judicial transfers.

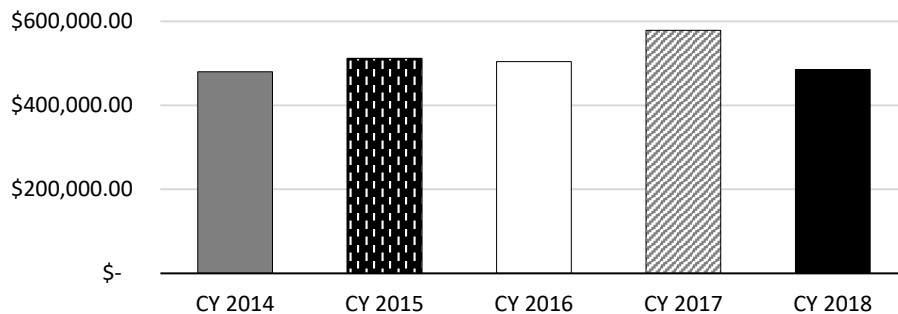

**Pay by Web**  
First Payment Processed on 8/7/2014

**MO eFiling System - Number of Filings**  
Initial Pilot Started on 9/1/2011

**Department of Correction Cost Avoidance for Video Court Proceedings**

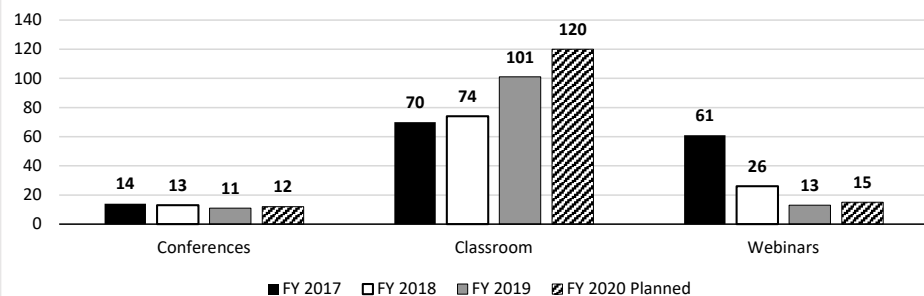

**Sustain and expand technology services that render geography largely irrelevant, with greater efficiency, wider access, and enhanced accountability for the litigant and taxpayer.**

- Maintain and support the computers, servers, websites, information systems, and technologies required to operate all Missouri courts by connecting 341 servers and 536 routers and switches in 224 locations, which allows more than 5,000 judiciary employees to share electronic information on one network and with other state systems.
- Develop and implement Show-Me Courts Enhanced Traffic and Ordinance and Show-Me Jury in the circuit courts, including the municipal divisions.
- Support Missouri Case.net, which averages almost 60 million hits monthly, and more than 717.5 million hits yearly.
- Added "Track This Case" to the Missouri eFiling System, which improves service by allowing citizens to receive an email or text about events in a particular case of interest. Currently, 110,729 users are registered with an average of 3,400 new users signing up each month. The system generated more than 19 million eNotices and eService emails in fiscal 2018.
- Implemented the System-Generated Legal File in the appellate courts, which allows lawyers to use existing electronic court records to compile a legal file instead of paper records. The Public Defenders Office is a significant beneficiary of the legal file functionality, saving the Public Defenders time and expense in their appellate filings. Postage costs are also saved due to this implementation. Taxpayer dollars are saved by eliminating the need for circuit court personnel to be involved in the process and citizens pay less in attorney fees for preparation of the legal file. The Missouri eFiling System processed system-generated legal files for almost 1,000 cases within the first eight months of use.
- Support video conferencing technology that allows an offender to appear before a judge for arraignment without ever leaving a secure facility. This reduces the need for transportation to court and security personnel, and increases secure containment of offenders, all which enhance the safety of court personnel and the general public. Video Conferencing allows cost savings to county jails for not having to hold inmates while on a trip for a court appearance. Mental health hearings also use video conferencing statewide, realizing savings in time and money more productively spent on patient care. More than 14,500 video conferences were held in fiscal 2018.
- Develop, deploy, and maintain automated interfaces to share data with the highway patrol; attorney general's office; local prosecuting attorneys; and departments of revenue, social services, and health and senior services. Shared data populates other automated systems and meets federal and state reporting guidelines, such as criminal history and traffic disposition reporting.

## Judicial Education Activity

### Activities by Delivery Method

Total number for each delivery method for last three years and planned for coming year

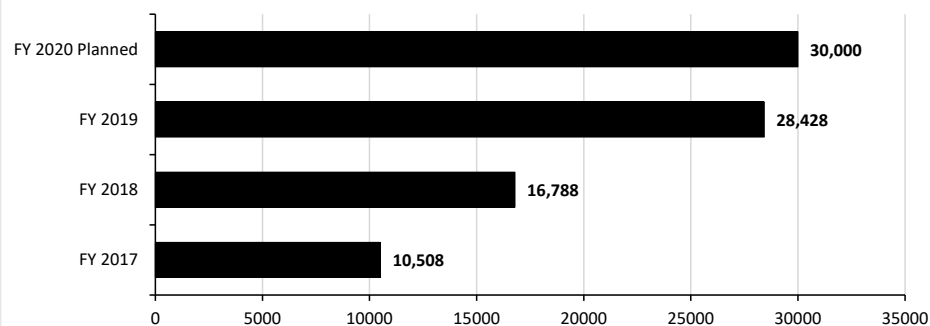

More than 5,000 state and county judicial branch employees rely on new or continuing education and skills training funded by the Judicial Education and Training Fund. Citizens are best served when clerks, judges, and juvenile staff are well-educated and trained.

From front-line workers such as juvenile officers, detention workers, and court clerks, to municipal division employees, judicial education provides courses and programs of study tailored to meet the specific needs of both new and experienced court personnel. These courses and programs are designed to satisfy standards mandated by federal and state statutes and by Supreme Court rules. Courses provided included the following:

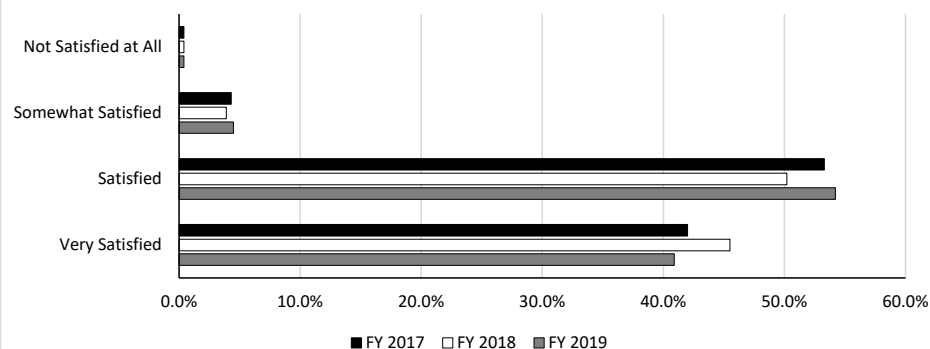

- New juvenile officer training
- Child abuse and neglect training
- Case planning and assessment
- Fundamental skills and safety for the juvenile justice professional
- Fundamental skills for detention staff faculty development
- Court clerk college
- New clerk orientation
- Case processing

## Provides funding for the Legal Aid programs.

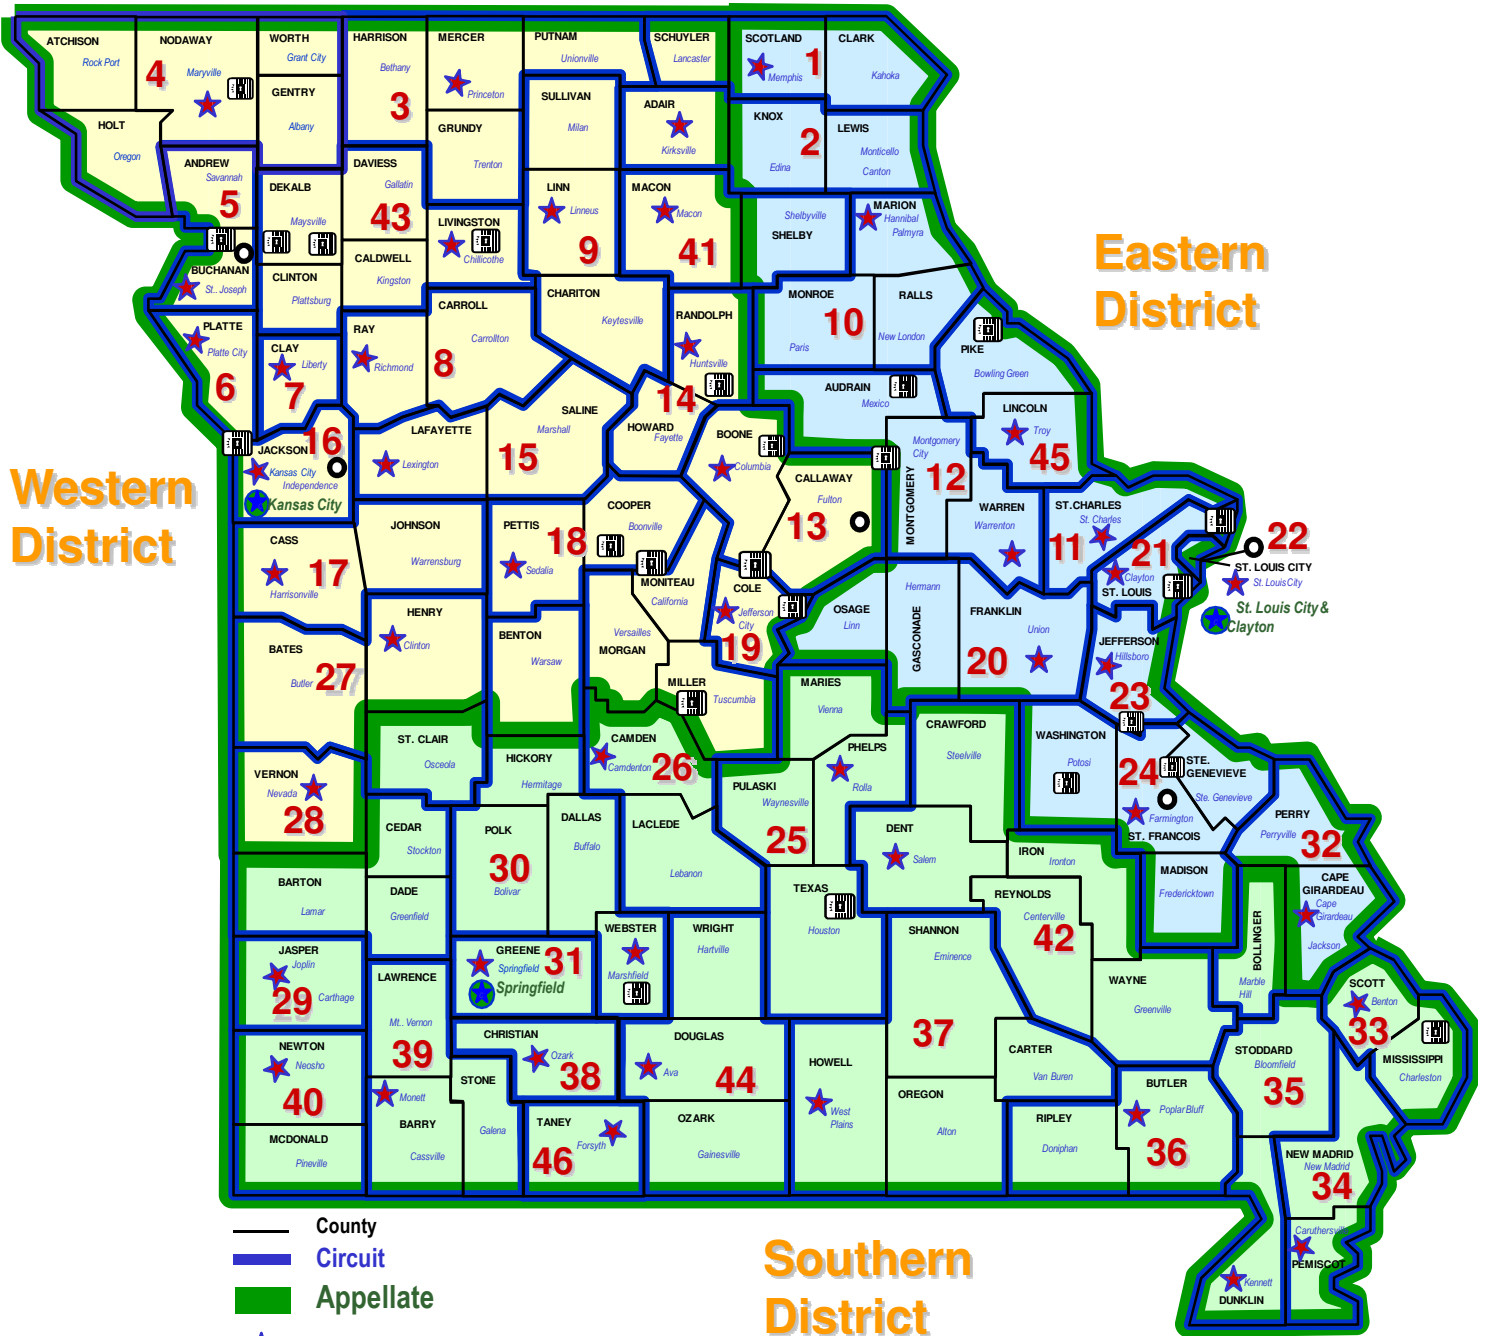

- The Basic Civil Legal Services Fund, passed in SB 447 (2003), funds the work of Missouri's four Legal Aid programs, which provide access to the civil justice system to low-income Missourians (who live at or below 125% of Federal Poverty Level) to protect their fundamental legal rights.
- One of the focuses of the Legal Aid programs is to ensure that adults and children have access to medical care through the MoHealthNet system. Access to these benefits reduces the number of emergency room visits and the cost of medical care for everyone.
- The Legal Aids win over 85% of the cases they bring to obtain access to medical care for their clients.
- There are four regional legal aid offices: Kansas City, St. Louis, Columbia and Springfield.

## 2. CORE DESCRIPTION

The constitutional provisions establishing the parameters and responsibilities of the Missouri judicial system reflect the basic recognition of the need for a fair and timely system of justice for Missouri citizens. The Missouri Constitution charges the Missouri Court of Appeals, Southern District with appellate jurisdiction over cases in the 44 counties of southern Missouri. These counties include 24 percent of the state's population. The appeals generated by this population through the circuit court filings are reviewed and decided by the seven judges of the Southern District, which is 22 percent of the state's court of appeals judges. With the assistance of nine law clerks, cases are heard and decided by the Southern District. The principal location of the court is in Springfield. However, in accordance with §477.200, RSMo, the court is mandated to annually hold two sessions of court in Poplar Bluff. The court attempts to broaden its exposure, educate the public and save time and expense for litigants and counsel by holding oral argument sessions in different county courthouses and schools throughout the district's jurisdiction.

## Caseload Activity

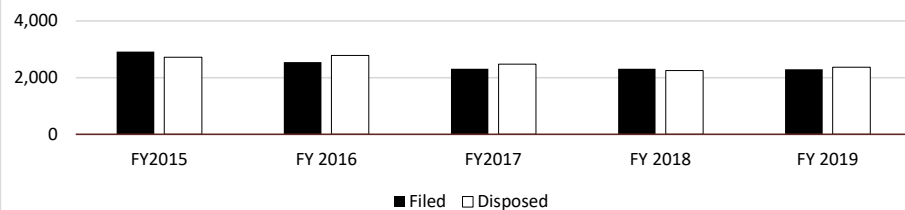

## Non-Caseload Activity

In addition to handling cases filed in our courts, appellate judges are actively involved in improving the efficient and effective administration of justice throughout the state.

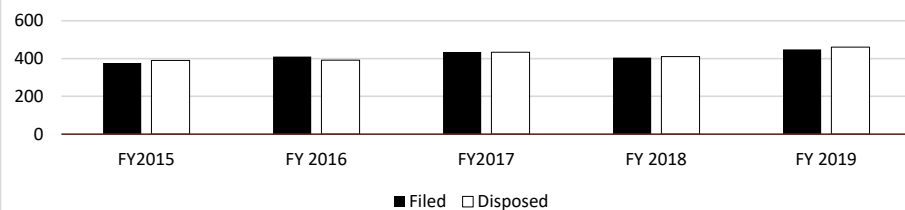

- Missouri's appellate judges contribute to judicial effectiveness through participation in and leading a number of statutory and Supreme Court committees, commissions, and taskforces, which are designed to promote the administration of justice. These include: Missouri Court Automation Committee, Records Committee, Judicial Education Committee, Appellate and Civil Rule committees, Committee on Criminal Procedures and Instructions, Commission on Racial and Ethnic Fairness, Civil Education Committee, Joint Commission on Women in the Profession, Family Law Committee, Commission on Retirement, Removal and Discipline, and Commission on Civil Justice Reform. Further, Missouri appellate judges serve on national committees and in organizations that seek to improve the administration of justice beyond the borders of our state, including the National Center for Courts and the National Conference of Bar Examiners.
- Missouri's appellate judges provide free and frequent civic education by speaking at community, civic, legal and educational functions. This public outreach compliments access to the courts initiatives such as Case.net and Track This Case.
- In 2012, the three districts of the Court of Appeals, through the efforts of the judges, court staff, and representatives of the Office of State Courts Administrator, implemented electronic filing. Since that time, we have continued to improve and refine the electronic filing system. For example, we have added popular features like "Track This Case," which allows approximately 100,000 citizens to follow cases of interest. In January 2018, we also implemented a new system that allows lawyers to use existing court records to electronically compile a legal file without having to copy and scan certified paper records. This saves taxpayers dollars by eliminating the need for circuit court personnel to assist in this process, and it reduces attorney's fees by dramatically decreasing the time to prepare a legal file.
- The chief judge of the Western District chairs the 6th, 7th and 16th Judicial Circuit commissions. The chief judge of the Eastern District chairs the 21<sup>st</sup> and 22nd Judicial Circuit commissions. The chief judge of the Southern District chairs the 31st Judicial Circuit Commission. These commissions submit panels to the Governor for appointment of associate and circuit court judges for the respective circuits.
- To increase accessibility to the judicial process, the three districts of the Court of Appeals conduct special dockets at dozens of locations outside of our respective courthouses. These dockets are conducted at colleges, universities, law schools, county courthouses, and other public places in our community. The goal is to serve the needs of our citizens who would not otherwise have the opportunity to see their appellate court in action.
